

BEAUTIFUL THREE BEDROOM SEMI DETACHED HOUSES

Karpaz, the most unspoilt region of Cyprus, gives you an opportunity to increase the quality of your life with its tranquility, golden beaches, untouched nature and harmony. You can sunbathe on the Golden Beach which has golden grains, lucid water and is the longest beach in the Mediterranean, observe the Carettas passing in order to lay their eggs and gaze at the brightest stars that you're ever likely to see.

Let your investment go beyond the sea with this project, the new pearl of the Karpaz Peninsula!

This project will be constructed with the highest quality of materials and the most skilled tradesmen and will provide you with a golden investment opportunity!

The project consists three bedroom semi-detached villas with private swimming pool.

completion is due December 2023.
