Three double bedrooms upstairs and one downstairs, although the current owners do use the downstairs bedroom as their T.V. room and study. The well equipped kitchen opens out onto the dining area, where 6 people can comfortably enjoy this spacious area. The sitting room is also beautifully and tastefully furnished. No expense has been spared on the quality furnishing throughout. There is plenty of terracing to this property giving several areas to enjoy the views and magical sunsets. The terraces have recently installed aluminium and glass screens and there are shutters and fly screens to the windows. This is a top quality property in a fairly unique location.
